Dear Jelena
I hope you are doing well

Could you please send us the ship bags instead of the manifest when providing cargo pre-alerts?

It is much easier for us to identify how many shipments are coming and which ones they are, since the manifest includes shipments that have been consolidated.

For this particular consolidation, I am missing HBL CTG229204 – 2 pieces, 1,030.40 kg. I have not been able to find it in Dropbox.

I will appreciate your assistance and look forward to your reply.

Thank you very much.

Quedo atento a sus comentarios.

Best Regards / Cordial Saludo
