Four maps of the British Isles are shown, each with a different location highlighted in red. Red dashed lines connect the highlighted areas to a larger map on the right. Below each map is a phonetic transcription in IPA.

2D Lattice

Diagram illustrating a 2D Lattice structure with two vertical chains of nodes and horizontal connections.

Top Chain (Left): Nodes are labeled a (top), p , and j (bottom).

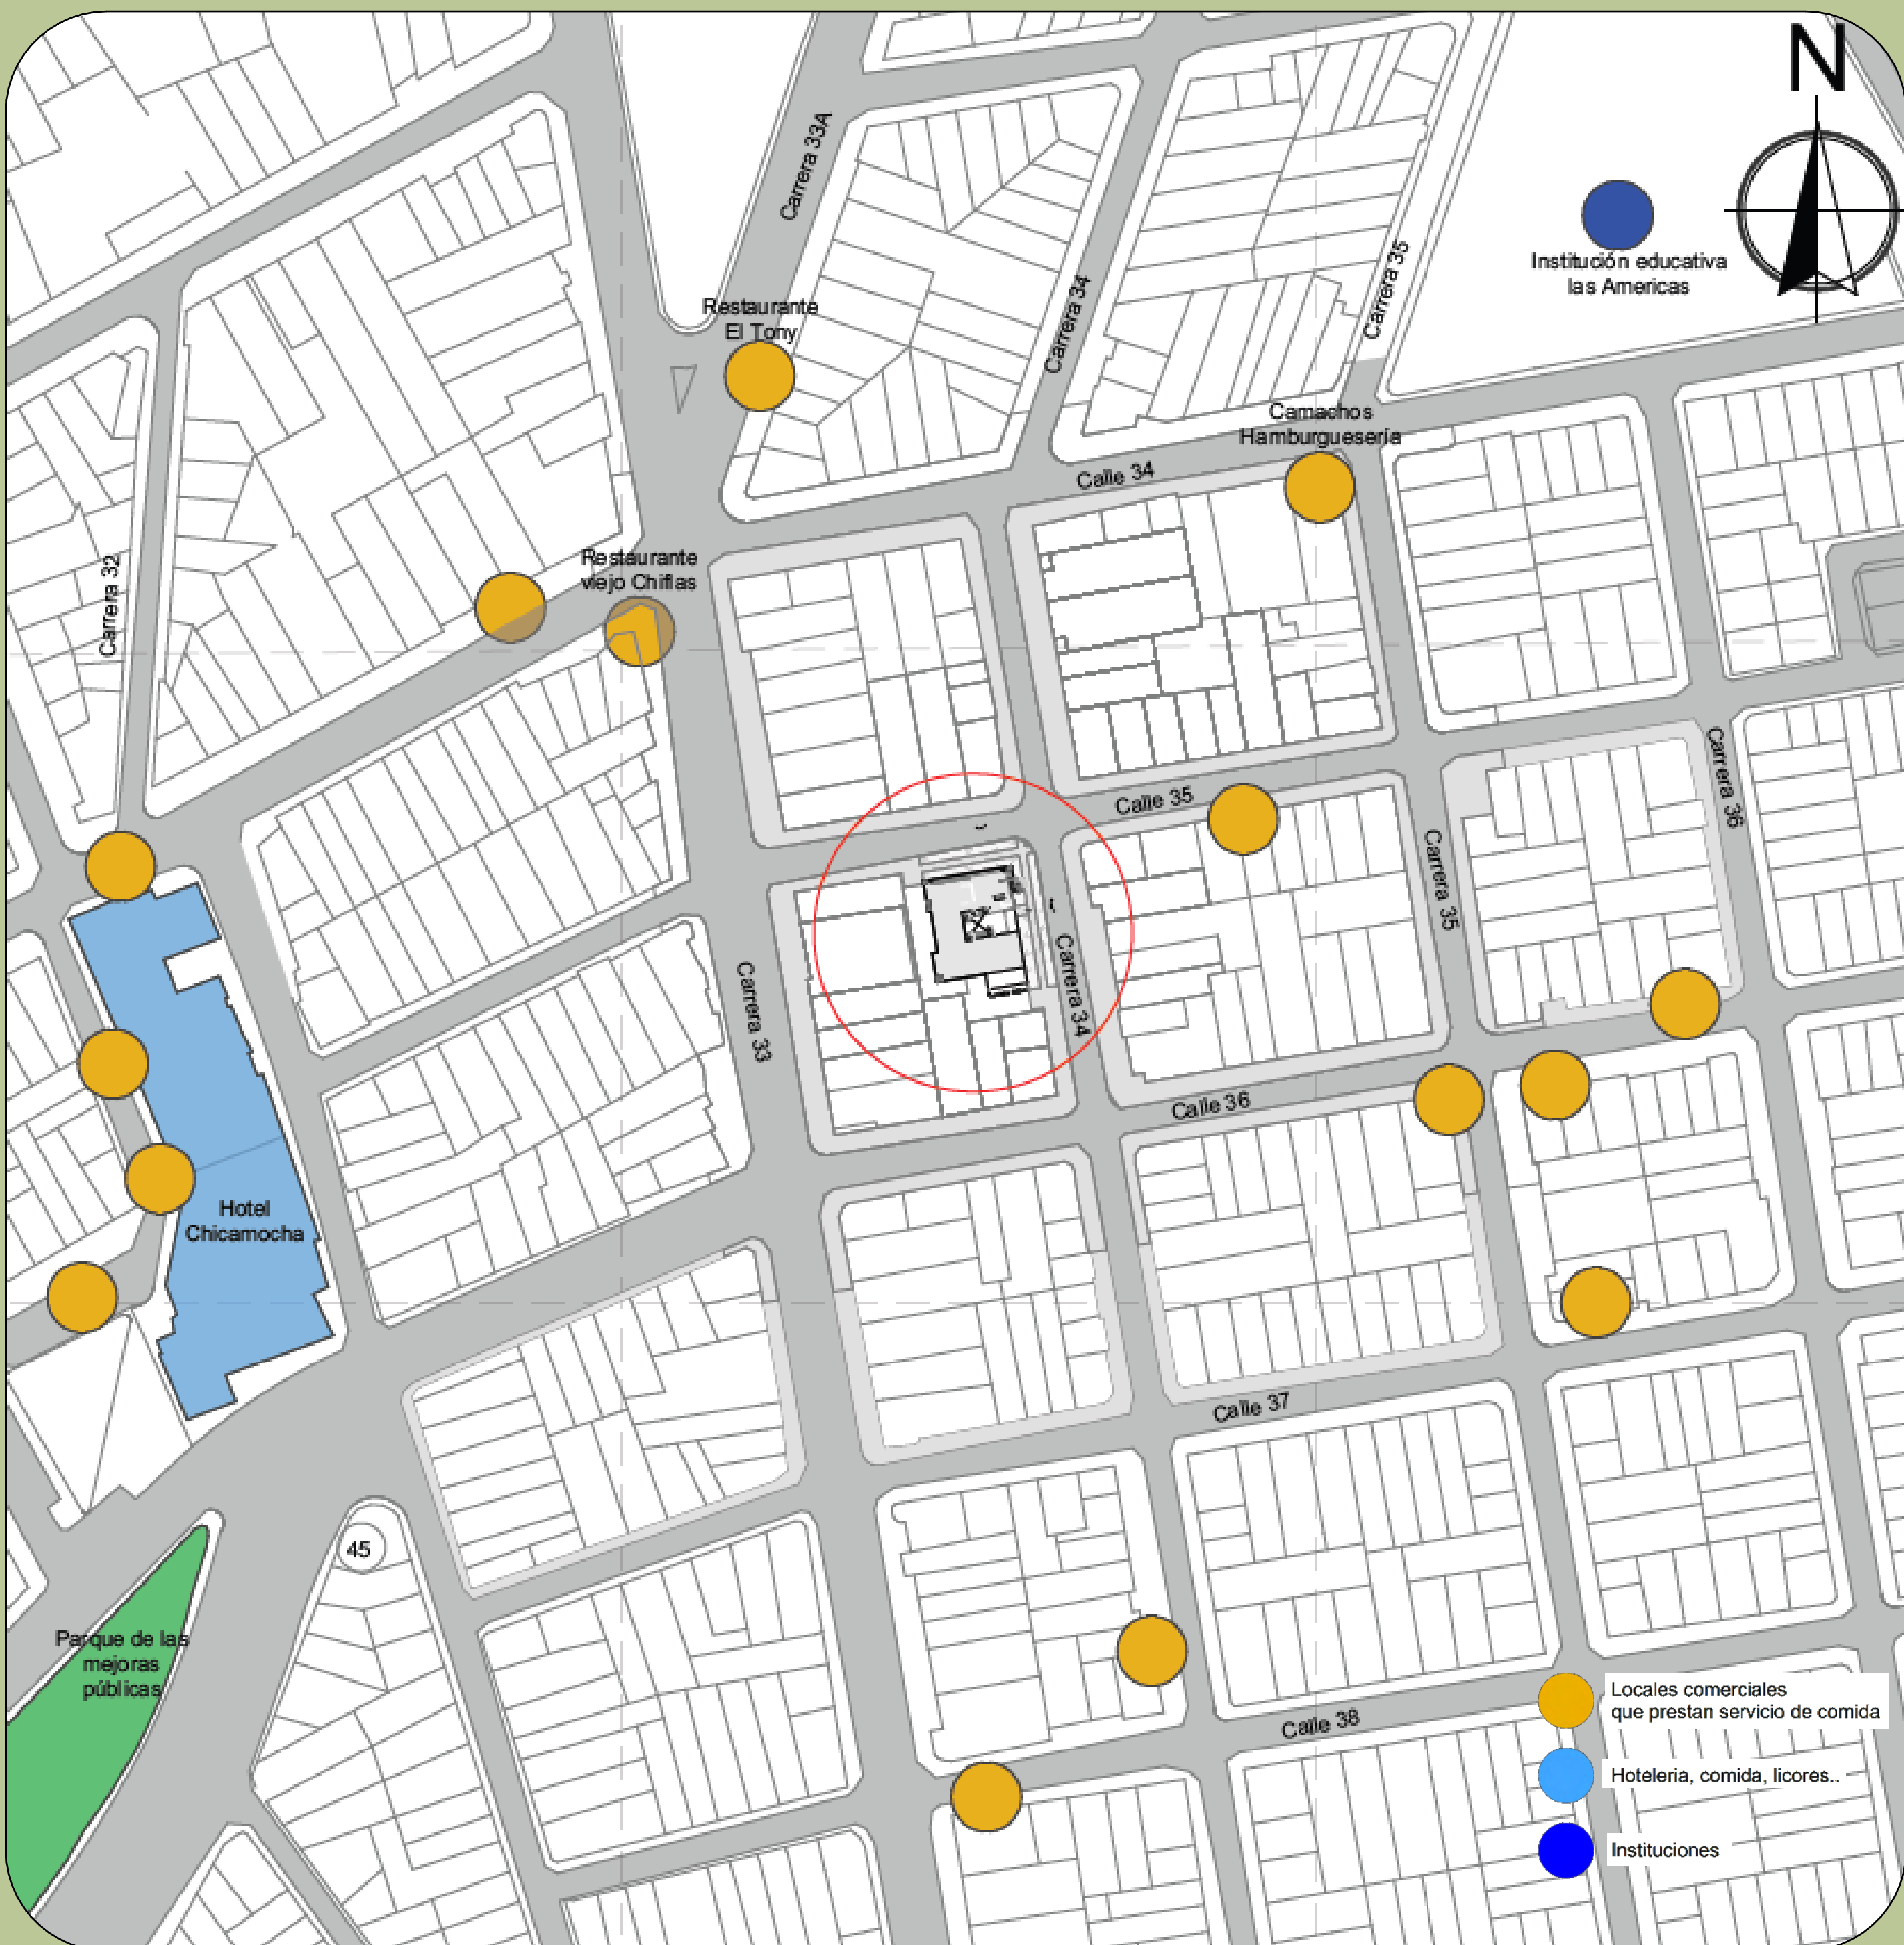

Top Chain (Right): Nodes are labeled b (top), q , and p (bottom).

Horizontal Connections (Top): Connections between p and q are labeled $A^{\alpha\beta}$ and $E^{\alpha\beta}$.

Horizontal Connections (Bottom): Connections between j and p are labeled $A^{\alpha\beta}$ and $E^{\alpha\beta}$.

Internal Labels: The label i is positioned between the two chains, and the label o is positioned between the two chains.
