

## Meet My Friends from Different Countries

My name is Sarah, and I am 28 years old. I am a teacher at a small school in London, but I have friends from many different countries. I enjoy learning about their cultures and hearing about their lives. Let me introduce you to some of my friends.

One of my best friends is Juan. He is 30 years old and comes from Spain. He is a doctor. In Spain, some of the most popular names for boys are Juan, Antonio, and José. Juan tells me that he loves his job because he helps people feel better. In his free time, he likes to travel around the world and try new foods. He has visited many countries, including Italy, Germany, and Japan. Juan says that one of the best things about his job is meeting people from different cultures.

Another friend of mine is Maria. She is 25 years old and comes from Mexico. She is a student at a university, studying law. In Mexico, some common names for girls are Maria, Guadalupe, and Carmen. Maria is very hardworking, and she dreams of becoming a lawyer one day. She tells me that the most important thing for her is to help people solve their problems. We often talk about our goals and plans for the future. In her free time, Maria likes to read books and visit the beach with her family.

I also have a friend from Italy named Luca. He is 32 years old and works as a chef in a famous restaurant in Rome. In Italy, some common names for men are Luca, Giovanni, and Marco. Luca loves cooking and sharing his delicious meals with others. He says that Italian food is the best in the world! When he is not working, he enjoys playing soccer with his friends and watching movies.
